Applying for a Teaching Award

This workshop is for any staff considering applying for a teaching award

WAND warmly invites you to attend a workshop facilitated by Dr Allan Goody from Curtin University.

In the workshop you will have an opportunity to begin the process of developing the synopsis of your application and identifying the evidence to support your claims. You will also hear from winners of an Australian Award for University Teaching (AAUT) and be able to ask them questions about their approach to developing an application. Professor Mark Israel will also share 10 things you might want to know about winning a teaching award. The workshop will not focus on any one particular University’s awards program but the material presented and activities in which you will engage have applicability for faculty, university and national teaching awards programs.
